

FINNTRAIL
WADING GEAR

WHAT **FINNTRAIL** WADING GEAR IS ALL ABOUT?

Finntrail has been manufacturing and designing specialized off-road wading gear for more than a decade. Each item we produce is tested in severe weather conditions. We test all of our gear in real-world riding conditions. We seek out the nastiest mud, dirt, water, and snow, so we can ensure that our gear functions up to the toughest standards. By conducting rigorous testing we make the lives of ATV & UTV riders safe and comfortable. The best Canadian and European riders have contributed to the testing and design of the Finntrail gear you see in this catalog.

We produce the highest quality ATV & UTV wading gear.
We believe in its value and performance, which is why we offer a 2-YEAR warranty.

COMPANY MISSION

TO CREATE TECHNOLOGICALLY ADVANCED ATV & UTV WADING GEAR FOR HARD CORE OFFROADERS AND OUTDOOR EXPEDITIONS, WITH A FOCUS ON CONTINUAL PRODUCT DEVELOPMENT, POSITIVE CUSTOMER SERVICE AND WORLDWIDE BRAND AWARENESS.

FINNTRAIL BRAND STORY

Throughout the years, the wading gear market worldwide has evolved. It was originally formed based on the demands and requirements of mostly hunting or fishing. ATV & UTV riders had no choice but to use the type of wading gear which was available on the market at that time. Unfortunately, what worked for hunters or fishermen would often fall short in extreme off-road riding conditions.

Although fishing waders let users traverse water and even mud, they could not handle the aggressive nature of extreme off-road riding. They were not built strong enough and would often tear and get damaged. Hunting waders, although a little tougher, would restrict movement while riding and they too would get torn and damaged after only a few uses. As a result of these shortcomings, it was evident that a specialized product was needed.

More than 10 years ago, the founders of Finntrail set out on a mission. Being off-road enthusiasts themselves, they understood what riders needed. The team at Finntrail set a goal to improve a set of fishing waders and convert them into specialized ATV & UTV waders. This mission is what started it all.

Continuous evolution and many years of R&D in the field produced the products you see in this catalog. Finntrail products are a direct result of years of real-world testing. It is an evolution of both advancing designs and the implementation of high-tech materials. This evolution brings you gear that is unique and modern, yet functions reliably in the harshest environments imaginable while simultaneously providing the user with unsurpassed comfort. Finntrail offers durability, functionality, and style, something that riders in the past could have only dreamed of.

The combined off-road experience of the Finntrail team as well as market research and continual R&D have allowed us to create the best ATV & UTV wading gear on the market today. We continually test our gear and listen to customer feedback to further improve our existing lines, while also developing new products to expand the brand further. Our heavy duty waterproof gear for hardcore riders is made to last season after season. You don't believe us? See for yourself, throw on some of our gear and get out there and ride! Our gear can handle anything you or your machine can, guaranteed!

WATERPROOF, BREATHABLE AND DURABLE WADING GEAR FOR MUD AND SWAMPS

WHAT ARE WADERS FOR ATV & UTV?

Waders are a type of waterproof riding gear. They help you traverse chest deep water and withstand heavy rains or repeated splashes while remaining warm, dry and mobile. At Finntrail, we use waterproof, breathable and durable fabrics utilizing Hard-Tex membrane technology. This makes our gear completely waterproof, yet breathable. It is durable and reliable even in the harshest conditions. All the high-wear areas, such as knees, buttocks, thighs and lower legs, are reinforced to be extra durable and puncture resistant. Aside from being tough, our waders look great and match our line of Finntrail jackets, wading boots and thermal underwear. Combine our full line of outdoor gear for the ultimate level of protection, comfort, and style on the trail.

EXPERT OPINION

OSTACRUISER

World-famous ATV & UTV rider

I've been partnered with Finntrail for over a year now and I'm 100% satisfied with their gear! Personally, I've never used better wading gear than what these guys are producing! It is super comfortable, really durable, and keeps me and my crew dry! It's the best choice on the market.

DERICK NEUFELD

Canadian ATV & UTV expert

Wish we knew about this gear years ago....waayy lighter, breathable, and easy to walk in mud. I would highly recommend it.

ADRENALINE JUNKIE PROD

Team of Youtube vloggers

We test a lot of different gear, we ride a lot, and we ride hard. We ride in all weather conditions while we are out shooting YouTube videos and We really love our Finntrail gear. It does great in mud, dirt, rain, or even snow. It's hands down the best wet weather riding gear you can get, we recommend it to everyone!

EXTREME ATV OFFROAD

Famous Canadian ATV rider

Huge shout out to Finntrail for making my life so much easier! I love this all season wading gear! Not one failed zipper. Not one puncture. Not one boot chafe. Zipping waders are fantastic! All I can say is thank you guys, for making this gear so comfy and durable.

WADERS

FINNTRAIL DRYSUIT PRO 2502

The upgraded version is developed specifically for severe off-road conditions, with unlimited performance capabilities for overcoming water barriers. All high-wear areas are additionally reinforced thanks to the new cut in the lower part of the suit, a minimum number of seams, and a new five-layer fabric with a HARDTEX membrane and a durable Kevlar outer layer. The fabric breathes and wicks perspiration off the body while remaining 100% waterproof. All seams are reliably strengthened. Thanks to its one-piece design, tight-fitting neoprene neck and wrist cuffs, absolutely waterproof Tizip zipper, and built-in neoprene socks, water does not leak inside the suit. Overcooling protection is provided by adding thermal underwear and warm clothes as the first layer in cold weather. The suit is equipped with an upgraded elastic strap with a YKK buckle. Detachable hood. Carrying bag is included.

- New five-layer fabric with a HARD-TEX membrane and a durable Kevlar outer layer
- Waterproof (25000 mm)
- Breathable (7000g/m2/24) fabric
- Teflon™ Fabric Coating
- 100% waterproof TIZIP® zipper
- Elastic neoprene neck and wrist cuffs
- 3M reflective elements
- Detachable hood
- Finntrail wading belt
- Water- and mud-resistant sleeve pocket
- Built-in comfortable 0.16 inches (4mm) neoprene socks with a reinforced sole
- Color: Graphite

WADERS

FINNTRAIL DRYSUIT 2501

A one-piece design with built-in waterproof neoprene socks. The suit is equipped with tight leak-proof neoprene wrist and neck cuffs. All the seams are taped and provided with 100% waterproof protection. It is equipped with a 100% waterproof Tizip zipper for additional comfort. The suit is made of a durable four-layer waterproof fabric with a HARD-TEX membrane. The fabric breathes and wicks perspiration off the body while remaining 100% waterproof. All high-wear areas, such as knees and seat, are reinforced with a strong Kevlar fabric that prevents tearing and punctures. Drysuit features safety and 100% waterproof protection. In case of an accidental fall into the water, you remain dry and afloat. The one-of-a-kind suit protects you from hypothermia during an unplanned swim in cold water. A detachable hood and a carrying bag is included.

-
- Four-layer fabric with a HARD-TEX membrane and a durable Kevlar outer layer
 - Waterproof (25000 mm)
 - Breathable (7000g/m²/24) fabric
 - Teflon™ Fabric Coating
 - 100% waterproof TIZIP® zipper
 - Elastic neoprene neck and wrist cuffs
 - 3M reflective elements
 - Detachable hood
 - Finntrail wading belt
 - Water- and mud-resistant sleeve pocket
 - Built-in comfortable 0.16 inches (4mm) neoprene socks with a reinforced sole
 - Color: Red

WADERS

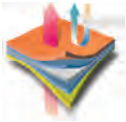

FINNTRAIL AQUAMASTER-Z CAMOGREY 1527

These waders are equipped with a 100% waterproof Tizip zipper, protected against direct mud ingress by a special flap. The zipper is especially helpful when someone wants “to do the deed” or to get some fresh air after a long ride. The waders have a unique cut, which provides comfort and durability. All the high-wear areas, such as knees and seat, are reinforced with a new five-layer fabric with a HARD-TEX membrane and a durable Kevlar outer layer. The inner leg area, which usually gets frayed faster, is completely seamless. It increases endurance of the product. The highest level of comfort and durability is achieved in combination with a lightweight fabric. A modern camouflage color is for those who prefer to stand out from the crowd. All technologies used in this model ensure long service life and comfort. The waders are equipped with two inner water-resistant pockets and an ergonomic fit, D-loops, two drying loops, elastic suspenders, and a belt with a YKK buckle. A waterproof smartphone pouch and a carrying bag are included.

- New five-layer fabric with a HARD-TEX membrane and a durable Kevlar outer layer
- Inner thigh, knees and seat areas are reinforced
- 100% waterproof TIZIP® zipper
- Waterproof (25000 mm)
- Breathable (7000g/m²/24) fabric
- Teflon™ Fabric Coating
- Elastic suspenders and a belt with a YKK buckle
- Two spacious water-resistant chest pockets
- Drying loops
- Built-in comfortable 0.16 inches (4mm) neoprene socks with a reinforced sole
- Color: Camogrey
- Waterproof smartphone pouch is included

FINNTRAIL AQUAMASTER 1526

These waders have a unique cut, which ensures comfort and durability. The knee and seat areas are reinforced with a new five-layer fabric with a HARD-TEX membrane and a durable Kevlar outer layer. The inner part of the legs, which usually gets frayed faster, is completely seamless. The highest level of comfort and durability is achieved thanks to the combination with a lightweight fabric. A new water-resistant chest pocket has a strong zipper and a flap that protects against direct ingress of water and mud. The most stylish design is made in bright colors for those who prefer to stand out from the crowd. All technologies used in this model ensure long service life and comfort. These waders are equipped with two water-resistant pockets, an ergonomic fit, D-loops, drying loops, elastic suspenders, and a belt with a YKK buckle. A waterproof smartphone pouch and a carrying bag are included.

- New five-layer fabric with a HARD-TEX membrane and a durable Kevlar outer layer
- Inner thigh, knees and seat areas are reinforced
- Waterproof (25000 mm)
- Breathable (7000g/m2/24) fabric
- Teflon™ Fabric Coating
- Elastic suspenders and a belt with a YKK buckle
- New spacious water-resistant chest pocket with a strong zipper and a protecting flap
- Inside pocket
- Drying loops
- Built-in comfortable 0.16 inches (4mm) neoprene socks with a reinforced sole
- Color: Orange, Camogreen, Red
- Waterproof smartphone pouch is included

WADERS

FINNTRAIL ENDURO 1525

The "built to last a lifetime" waders out of the Finntrail product line. It is not a secret that many waders begin to leak due to wear-out. This design has one third fewer seams than those of the competitors, especially in the inner leg area. Our «Pro Staff Team» intensive tests have proven that these waders have the highest protection level against punctures and damage. The lower part of the waders (up to the waist) is made of a new five-layer fabric with a HARD-TEX membrane and a durable Kevlar outer layer, the top one is made of a lightweight four-layer fabric. Colors are perfectly suitable for off-road riding. A new water-resistant chest pocket has a strong zipper and a flap that protects against direct water and mud ingress. All technologies used in this model ensure long service life and comfort. The waders are equipped with two water-resistant pockets, an ergonomic fit, D-loops, drying loops, elastic suspenders, and a belt with a YKK buckle. A waterproof smartphone pouch and a carrying bag are included.

- New five-layer fabric with a HARD-TEX membrane and a durable Kevlar outer layer
- The lower part is reinforced up to the waist
- Waterproof (25000 mm)
- Breathable (7000g/m2/24) fabric
- Teflon™ Fabric Coating
- Ergonomic knee cut
- Elastic suspenders and a belt with a YKK buckle
- New spacious water-resistant chest pocket with a strong zipper and a protecting flap
- Inside pocket
- Drying loops
- Built-in comfortable 0.16 inches (4mm) neoprene socks with a reinforced sole
- Color: Graphite, Camogrey
- Waterproof smartphone pouch is included

NEW

WADERS

FINNTRAIL ENDURO BF 5280

These waders are developed specifically for overcoming water barriers in severe conditions. The new waders model is equipped with built-in durable rubber boots. Perhaps, it is the most "built to last a lifetime" rubber boots waders design. Reliable boots are equipped with neoprene lining for cushioning and comfort. Sand and mud do not stick to an outsole thanks to the special mud-free tread patterns. The inner leg area has fewer seams for protection against leakage and fraying. Our «Pro Staff Team» intensive tests have proven that these waders have the highest protection level against punctures and damage. The lower part of the waders (up to the waist) is made of a new five-layer fabric with a HARD-TEX membrane and a durable Kevlar outer layer, the top one is made of a lightweight four-layer fabric. Colors are perfectly suitable for off-road riding. A new water-resistant chest pocket has a strong zipper and a flap that protects against direct water and mud ingress. All technologies used in this model ensure long service life and comfort. The waders are equipped with reliable rubber boots, two water-resistant pockets, an ergonomic fit, D-loops, drying loops, elastic suspenders, and a belt with a YKK buckle. A waterproof smartphone pouch and a carrying bag are included.

- New five-layer fabric with a HARD-TEX membrane and a durable Kevlar outer layer
- The lower part is reinforced up to the waist
- Waterproof (25000 mm)
- Breathable (7000g/m2/24) fabric
- Teflon™ Fabric Coating
- Ergonomic knee cut
- Elastic suspenders and a belt with a YKK buckle
- New spacious water-resistant chest pocket with a strong zipper and a protecting flap
- Inside pocket
- Drying loops
- Built-in reliable rubber boots with neoprene lining
- Special mud-free tread patterns
- Color: Camogreen, Camogrey
- Waterproof smartphone pouch is included

WADERS

OLD SCHOOL 5290

Insulated neoprene waders for cold seasons. Waders are combined with reliable boots made of durable rubber with a neoprene lining for amortization and comfort. Wearproof 4.5 mm neoprene with a minimum amount of seams is used for this model to increase durability and wear-resistance. Neoprene's elasticity provides additional comfort. Waders are equipped with a spacious pocket, a muff, protective coating on knees, an ergonomic fit, strong suspenders and a belt, D-loops for attaching everything necessary, and drying loops.

-
- Wearproof 4.5 mm neoprene
 - Protective coating on knees
 - Strong suspenders and a belt
 - Spacious waterproof Velcro chest pocket
 - Muff pocket
 - Drying loops
 - Durable rubber boots with a neoprene lining
 - Waterproof pouch for smartphone and documents included

WADERS

FINNTRAIL AIRMAN 5260

Airman is one of the most lightweight designs among the waders with built-in rubber boots. Reliable boots are equipped with neoprene lining for cushioning and comfort. Sand and mud do not stick to an outsole thanks to the special mud-free tread patterns. The area below the waist is additionally reinforced with a durable four-layer fabric and a HARD-TEX membrane. The inner leg area has fewer seams to increase endurance of the product. All technologies used in this model ensure long service life and comfort. These waders are equipped with reliable rubber boots, two water-resistant pockets, an ergonomic fit, D-loops, drying loops, elastic suspenders, and a belt with a YKK buckle. A waterproof smartphone pouch and a carrying bag are included.

- Durable four-layer fabric with a HARD-TEX membrane
- Area below the waist is reinforced
- Waterproof (20000 mm)
- Breathable (7000g/m2/24) fabric
- Teflon™ Fabric Coating
- Ergonomic knee cut
- Elastic suspenders and a belt with a YKK buckle
- Spacious water-resistant chest pocket
- Inside pocket
- Drying loops
- Built-in reliable rubber boots with neoprene lining
- Special mud-free tread patterns
- Color: Grey
- Waterproof smartphone pouch is included

WADERS

NEW

FINNTRAIL NEW ATHLETIC PLUS 1523

The new design is made for those who value reliable products at a reasonable price. A classic model with built-in neoprene socks. The waders are equipped with a spacious chest pocket and a new reinforced fabric, which has 4 layers and a HARD-TEX membrane. There are no cross seams in the inner part of the leg, which increases endurance and service life. The stylish Denim color is suitable for all conditions. The waders are equipped with two water-resistant pockets, an ergonomic fit, D-loops, drying loops, elastic suspenders, and a belt with a YKK buckle. A waterproof smartphone pouch and a carrying bag are included.

-
- New four-layer fabric with a HARD-TEX membrane
 - Waterproof (20000 mm)
 - Breathable (7000g/m2/24) fabric
 - Teflon™ Fabric Coating

 - Spacious water-resistant chest pocket
 - Inside pocket
 - Drying loops
 - Built-in comfortable 0.16 inches (4mm) neoprene socks with a reinforced sole
 - Color: Denim
 - Waterproof smartphone pouch is included

WADERS

FINNTRAIL WADEMAN 1524

These waders are lightweight and made for those who prefer comfort. They have a minimum number of seams, especially in the inner leg area, which increases endurance and service life. It is a well-known fact that when the seams start to fray, they begin to leak. Therefore, the fewer seams the waders have, the more durable and reliable the product is. The area below the waist is additionally reinforced with a durable four-layer fabric with a HARD-TEX membrane. The waders are equipped with two water-resistant pockets, an ergonomic fit, D-loops, drying loops, elastic suspenders, and a belt with a YKK buckle. A waterproof smartphone pouch and a carrying bag are included.

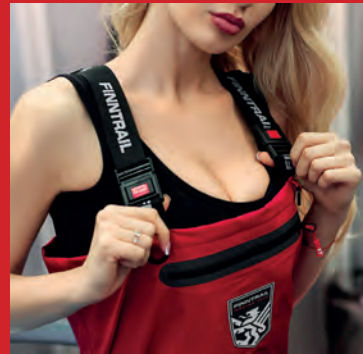

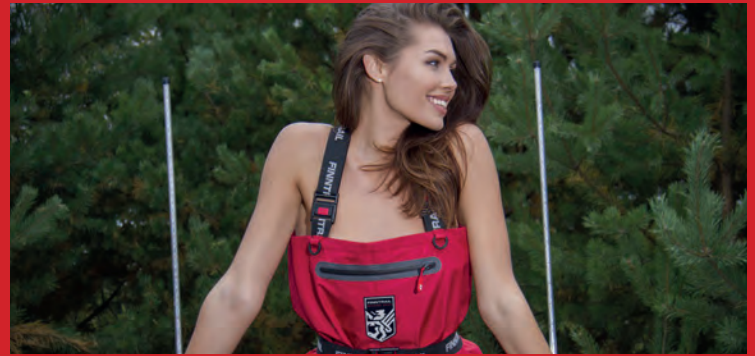

- Durable four-layer fabric with a HARD-TEX membrane
- Area below the waist is reinforced
- Waterproof (20000 mm)
- Breathable (7000g/m²/24) fabric
- Teflon™ Fabric Coating
- Elastic suspenders and a belt with a YKK buckle
- Spacious water-resistant chest pocket
- Inside pocket
- Drying loops
- Built-in comfortable 0.16 inches (4mm) neoprene socks with a reinforced sole
- Color: Grey, Camogreen
- Waterproof smartphone pouch is included

WADERS FOR GIRLS

20

WADERS

FINNTRAIL ALEX 1518

These waders are lightweight. They are designed specifically for female and young riders. They have an adjusted cut and dimensions. THERMAL GARMENT

FINNTRAIL POLAR OVERALL 1490

Polar Overall is an ideal warm and soft layer for waders. This model is made of a Polartec® Thermal Pro® fabric. It is one of the best insulators. It keeps you warm one-third better than wool. At the same time, it wicks perspiration away from the body. Thanks to the stretchy fabric and its ergonomic fit, you get more freedom of movement and maximum comfort. It is a great choice for cold fall and winter days as well as outdoor activities like off-road riding, sledding, hiking, hunting, fishing, skiing, or snowboarding. Recommended to use in combination with ALL SEASON, THERMO, or SUBZERO thermal underwear.

- Polartec® Thermal Pro® fabric
- Ergonomic fit
- Hypoallergenic
- Double-sided zipper
- Chest pocket
- Tight ankle cuffs
- Soft and comfortable

FINNTRAIL POLAR JACKET 1491

This Polar Jacket is made of a Polartec® Thermal Pro® fabric. It is one of the best insulators. It keeps you warm one-third better than wool. At the same time, it wicks perspiration away from the body. Thanks to the stretchy fabric and its ergonomic fit, you get more freedom of movement and maximum comfort. It is a great choice for cold fall and winter days as well as outdoor activities like off-road riding, sledding, hiking, hunting, fishing, skiing, or snowboarding. Recommended to use in combination with ALL SEASON, THERMO, or SUBZERO thermal underwear.

- Polartec® Thermal Pro® fabric
- Ergonomic fit
- Hypoallergenic
- Two zippered pockets
- Chest pocket
- Soft and comfortable

FINNTRAIL MASTER 1502

This thermal Master Jacket is extremely warm and soft. It can be used both as an extra warm layer for ATV & UTV riding and as a regular jacket when strolling around the city. Thinsulate Ultra insulation provides the best thermal properties and is comparable only to the soft goose feathers insulation. The moisture-resistant top coat protects from light rain and wind. Due to its light weight and compact size, you can easily carry the jacket anywhere you want. Recommended to use in use in combination with ALL SEASON, THERMO, or SUBZERO thermal underwear.

- Ergonomic fit
- Thinsulate Ultra insulation
- Lightweight
- Soft and comfortable

THERMAL SOCKS

NEW

FINNTRAIL EXTREME MERINO 3203

These warmest thermal socks are designed specifically for extreme cold conditions. The double-layered winter thermal socks feature thick knit containing Australian Merino wool. Merino wool provides comfort, softness and an exceptional level of warmth without overheating the foot. The outer reinforced layer prevents an occurrence of callosities and ensures maximum endurance. The X-shaped zone ensures that the socks stay up on your feet. An ergonomic fit and flat knit toe seams prevent rubbing of sores and provide comfort.

- Composition: 60% Merino wool; 20% Acrylic; 15% Nylon; 3% Elastane; 2% Spandex
- Sizes available: 7-10 and 11-13

FINNTRAIL MERINO 3201

These double-layered thermal socks are for tourism, extreme sports, and ATV & UTV riding. Designed specifically for cold seasons. The inner layer is made of Merino wool, which accumulates an exceptional level of warmth. The outer layer prevents an occurrence of callosities and ensures maximum endurance. The X-shaped zone ensures that the socks stay up on your feet. An ergonomic fit and flat knit toe seams prevent rubbing of sores and provide comfort.

- Composition: 60% Merino wool; 20% Acrylic; 15% Nylon; 3% Elastane; 2% Spandex
- Sizes available: 7-10 and 11-13

FINNTRAIL COOLMAX 3202

These double-layered thermal socks are for tourism, extreme sports, and ATV & UTV riding. Designed specifically for warm seasons. The inner layer made of Coolmax fabric wicks perspiration away and breathes. The outer layer prevents an occurrence of callosities and ensures maximum endurance. The X-shaped zone ensures that socks stay up on your feet. An ergonomic fit and flat knit toe seams prevent rubbing of sores and provide comfort.

- Composition: 60% Coolmax; 30% Nylon; 5% Spandex; 5% Elastane.
- Sizes available: 7-10 and 11-13

FINNTRAIL NEODRY 3200

These thermal socks are designed as an additional layer for waders or rubber boots. The socks are made of special cellular neoprene with a sponge structure, which is soft and water-resistant. It is equipped with fleece lining. This combination ensures that your feet will stay dry and warm for a long period of use. The best choice for maximum insulation and comfort. Recommended combining with thermal socks.

- Ergonomic fit
- Fleece lining
- Flat seams
- Sizes available: M-XXL

FINNTRAIL SUSPENDERS 8110

These elastic suspenders are made for Finntrail Runner waders 1519. Equipped with a YKK buckle and Finntrail logos.

HOW TO CHOOSE YOUR WADERS SIZE?

Measure your waist circumference at the narrowest part and measure your hips at the fullest part, standing with your feet together. Choose the largest measurement and refer to the size chart. If you are looking for ATV waders, add from 0.8 to 1.2 inches to your inseam measurement.

*Place a tape measure around your body at the top of your hip bone. That is usually at the level of your belly button.
